

EUFANET

EUropean Failure Analysis Network

The **EU**ropean
Failure **A**nalysis
NETwork

What is EUFANET?

- EUFANET is a network dedicated to FA of electronic components and assemblies
- The aim of our network is to foster technical information exchange within the European FA community
- Our membership is **FREE** 😊

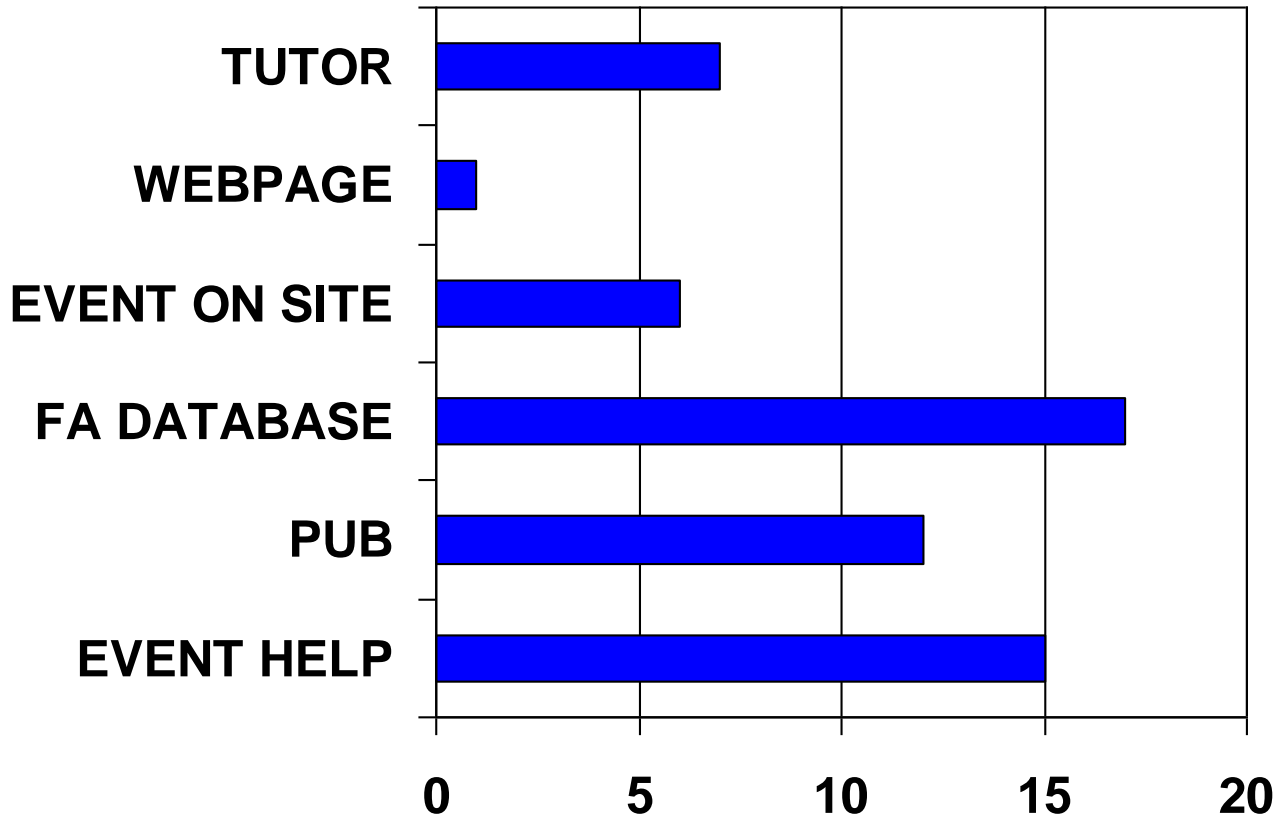

What EUFANET does

- We maintain our web presence at <http://www.eufanet.org/>

Including:

- Technical Stuff
- Yellow Pages
- We facilitate email forums at forum@eufanet.org
- We organize workshop like this!

How to Participate?

(Members survey results, 2009)

Please Join Us!

- Fill in the [membership subscription](#) form at

www.eufanet.org/contacts/membership.doc

...and email it to subscribe@eufanet.org

Subject: subscription

Please Enjoy our Workshop

Thank you from the **NEW** EUFANET Board

Felix Beaudoin, *IBM*

Christian Boit, *TUB*

Olivier Crepel, *Freescale*

Peter Jacob, *EMPA*

Eckhard Langer, *Global Foundries*

Philippe Perdu, *CNES*

Jean-Philippe Roux, *Sector Technologies*

Jerome Touzel, *Infineon*

Michel Villemain, *EUFANET President, Presto Engineering*

What could be next?

- Liaison between national entities (France's ANADEF, Germany's VDE/ITG) and EDFAS?
- Potential to become EDFAS' European Chapter
 - Already two EDFAS Chapters in USA (golden gate/California and Lonestar/Texas)
- Could be implemented as two EUFANET membership types:
 - Existing, free membership (EUFANET only)
 - Paying membership with EDFAS "Europe"

EDFAS Benefits

- EDFAS web site
(<http://hts.asminternational.org/portal/site/edfas/MyEDFAS/Home/>)
 - Technical contributions
 - Email forums
- EDFA Magazine (quarterly)
- Discounted ISTFA registration
 - Discounts on ASM publications

Yearly EDFAS membership \$88.00 (2010)
